ABSTRACT

This research paper aims to know whether there is a significant effect of greeting card media toward students writing skill at eighth grade students’ of MTs Daarul ‘Uulum Cihara lebak in academic year 2021/2022. This research paper uses a quantitative approach and a quasi-experimental design. The sample selection technique is cluster random sampling; The researcher used class VIII A (25 students) as the experimental class and class VIII B (25 students) as the control class. In the data collection technique, the researcher gave a pre-test and post-test. In analyzing the data, the researcher used SPSS 25 statistical calculations and used the post-test results of both the control and experimental classes to analyze the hypothesis test. The researcher found that output SPSS on table 4.8. It could be seen that signification value (p-value) = 0.001 at pair 1 and 0.001 at pair 2. They are < α = 0.05, meanwhile H₁ is accepted and H₀ is rejected Therefore, the researcher concludes that there is a significant effect of greeting card media on students' writing skills. Fitriyani (2022). D09180020: "The Effect of Greeting Card Media Toward Students Writing Skill At Eighth Grade Student of Mts Daarul ‘Uulum Cihara Lebak In Academic Year 2021/2022”.

Keywords: Student writing skill, greeting card media, media
